### Tornado Near Emmet.

On Thursday evening of last week a tornado formed near Emmet, and the funnel shaped cloud reached downward toward the earth and moved southeastwardly. It first struck W. Gallagher's vacant house, which it demolished.

It then passed on to Thos. Rynn's house whose only occupant, Miss Rynn, saw its approach, and fled. The house was lifted from its foundations and scattered over the fields. An adjoining barn was lifted from its foundations, fence posts were torn from the ground, and huge stones hurled into the air.

Every branch of a big elm tree was torn off, and the trunk twisted like a cork-screw and piled up in a field. Two orchards were struck and not a tree was left. A large pile of stones was the last to be played with. These were scattered so as to cover several acres. The tornado disappeared half a mile west of Emmet village. A few pigs and sheep were killed but no person was injured.

### Where Summer Breezes Blow.

Would you fly if you could  
To a glen in the wood,  
To a spot in the shade  
That nature hath made;  
Rich with ferns and wild flowers  
One of nature's best bowers?

What is life to the soul  
If to labor it be,  
What a joy to the heart  
When for rest we depart  
To the woods and the dells.

Does your heart cry for rest  
In a place that is best,  
With no shadow or sorrow  
Nor care for the morrow?

If so, send your address for a list of "Summer Tours," published by the Chicago, Milwaukee & St. Paul Railway. Geo. H. Heatford, Gen'l Passenger Agent, Chicago, Ill. 3-5

### Women Who Make the Best Wives.

Probably there is no one old enough to be interested in the question "What women make the best wives?" who has not some personal ideas on the subject; but whatever our ideas on any topic may be, it is always interesting to know the opinions of other people—especially if they are "brave"—on the same matter. In Demorest's Family Magazine for June the vital question about good wives is discussed by Susan B. Anthony, Clara Louise Kellogg, Mrs. Ballington Booth, Mrs. A. M. Palmer, Ella Wheeler Wilcox, Ellen Fattelle Dietrick, and others, all qualified by experience or judicious observation to give opinions worthy of careful attention, and every opinion given bears the individuality of the author and is well worth reading. Equally interesting is an article on "How News is Gathered," after reading it one begins to appreciate what a marvel the modern newspaper really is, and estimates at their true value the enterprise, energy, and forethought that make it possible for us to learn of the previous day's doings of the whole world. Then there is another curious and unique paper on "Photography and Crime," which tells of the application of the wizard art to the detection of crime; "The Road to Fame and Fortune" gives some especially interesting information about how to become successful professional women; the stories are excellent; "The Summer Care of House Plants" furnishes important hints for those interested in floriculture; "Ant Stories" and the "Puzzles" will afford amusements for the children; all the numerous departments are overflowing with valuable and interesting information; while the fine illustrations count up into the hundreds.

Every issue of Demorest's Magazine is replete with good things, and is published for \$2 a year by W. Jennings Demorest, 15 East 14th St., New York.

### Notice to Teachers.

Questions for the examination of pupils of all grades will soon be sent you. These questions are to be used Friday, June 15th, the examination to be conducted by the teacher. The main object of this examination is to enable the teacher to test and properly place the pupils in their grades.

A graduating examination will be held by the county commissioner at the Second Ward school in the city of Port Huron, on Saturday, June 23rd. At this time pupils will be examined over all the subjects included in the course of study, and if they successfully pass the requirements, they will be granted diplomas signed by the district board, teacher, and county commissioner, certifying that they have completed the common school course of study. These diplomas will entitle them to admission, without examination, to any high school in the county.

Any pupil who is deemed by teacher or parents capable of passing above examination will have the right to attend the same.

Teachers who have pupils prepared for this final examination and who will attend the same, are requested to send their pupils' names to the commissioner at least two weeks before June 23rd, the date above named.

R. B. FAIRMAN,  
Co. Com. of Schools.

### Resolutions of Condolence.

The following resolutions were unanimously adopted by the members of Yale tent, No. 86, K. O. T. M., at their review held May 15, 1894:—

WHEREAS it has pleased the Almighty Ruler of the Universe to enter our tent the second time and remove from our midst our worthy brother Sir Knight Merritt Zavitz, therefore be it

Resolved, That in the death of our brother this tent loses an enthusiastic Maccabee, his widow and orphans a loving and indulgent father, and the circle of society in which he moved a true friend. Be it further

Resolved, That we extend our heartfelt sympathy to the members of the bereaved family in this their hour of affliction and that we do most humbly pray that He who tempers the wind to the shorn lamb may comfort and strengthen them.

Resolved also that our charter be draped in mourning for the next thirty days; that these resolutions be spread on the records of our tent; a copy be furnished to the bereaved family and a copy be furnished the Yale Expositor for publication.
